## 13.4 SEER2 System

# VP94RD Series

2 THRU 5 TON UNITS  
23,800 - 56,000 BTUH

The VP94RD Series single packaged air conditioners are high efficiency self contained cooling units that can be installed on a slab. Heater kits are available as accessory items. Units are ETL and ETLc listed.

## Features & Benefits

- **Quality Compressor:** State of the art compressor is standard equipment.
- **All-Aluminum Coils:** Both indoor and outdoor all aluminum coils are designed to optimize heat transfer, minimize size and cost, and increase durability and reliability. Eliminates corrosion.
- **ECM Blower Motor:** Fixed torque energy efficient ECM motor lowers operating cost.
- **Permanently Lubricated Condenser Motor:** A heavy duty PSC motor for long lasting reliability and quiet operation. Requires no maintenance and is completely protected from rain and snow.
- **Peace of Mind Protection:** In-line filter drier supplied to protect sealed system from contaminants and high pressure switch protects against potentially damaging abnormal pressures for long service life.
- **Design Using Galvanized Steel:** With powder covered paint and a gloss finish that eliminates sharp edges and reduces scratching.
- **Compact Footprint & Profile**
- **Wire Guard:** Coated with earth friendly epoxy and plastic mesh hail guard that will never rust and protects the coil from being damaged.
- **Raised Base Pan:** Allows water to drain away from the unit.
- **Easy Component Access:** Designed to make maintenance easier for the contractor, access panels are provided to all controls and the compressor from the side of the unit.
- **Optional Electric Heat:** Field installed 5 - 20 KW.
