

### 14 SEER Packaged Air Conditioner

All Airtemp® packaged units deliver dependable performance and their durable, attractive cabinetry complements your home's surroundings.

- **Efficient and affordable:** Meets Department of Energy efficiency standards.
- **Compact, low profile:** Blends unobtrusively with all surroundings.
- **Double Protection:** Wire coil guard and never-rust mesh hail guard protects coil surfaces from weather and accidental damage.
- **Innovative:** All-aluminum coils for increased durability and greater corrosion resistance.
- **Raised base pan:** Allows water to drain away from the unit, keeping components dry.
- **Quiet comfort:** Heavy duty PSC condenser motor for quiet operation and long-lasting reliability.
- **High efficiency indoor air delivery:** ECM blower motor lowers operating cost.
- **Environmentally friendly refrigerant**
- **Optional electric heat:** Field installed 5–20 KW
- **Durable finish:** Galvanized steel for added strength and durability, featuring silicone-protected 1.5 mil polyester urethane finish that provides superior corrosion resistance, 50% better protection than standard outdoor finishes.
- **Attractive cabinet:** Classic dark gray styling for premium product appearance.
- **Built to the highest standards for the American market**  
All Airtemp® products are designed, assembled and repeatedly and thoroughly tested in North America.

### Quality, Reliability and Value

#### 10-Year All Parts Limited Warranty

Rock-solid warranty coverage to protect your investment. When you choose Airtemp® for your home comfort, your system comes with one of the best warranties in the business - 10 years on all parts.

#### 1-Year Replacement Pledge

Outstanding Airtemp® products are worthy of outstanding protection. Should major component failure ever occur within the first year of operation, we will replace the product.

*See warranty details for more information.*

Cooling capacities 2 thru 5 tons

## VP7RE Series

### Single Packaged Air Conditioner, Single Phase

**VP7RE 14 SEER**

**2 thru 5 Ton Units**

**Cooling: 23,800 to 56,000 Btuh**

The VP7 Series single packaged air conditioners are high efficiency self contained cooling units that can be installed on a slab. Heater kits are available as accessory items. Units are ETL and ETLc listed.

### WARRANTY

- This product offers a 10-year all-parts limited warranty.
- This product offers a 1 Year Replacement Pledge to replace the unit if the compressor fails in the first year of operation, to the original owner.
- Consumer product registration required for 10 year All Parts Warranty and Replacement Pledge within a limited period of time after the installation. See current warranty document or visit our consumer web site [www.airtempvac.net](http://www.airtempvac.net) for warranty details.

### FEATURES and BENEFITS

- **Quality Compressor:** State of the art compressor is standard equipment.
- **Micro-Channel Coils:** Both indoor and outdoor all aluminum coils are designed to optimize heat transfer, minimize size and cost, and increase durability and reliability. Eliminates corrosion.
- **ECM Blower Motor:** Fixed torque energy efficient ECM motor lowers operating cost.
- **Permanently Lubricated Condenser Motor:** A heavy duty PSC motor for long lasting reliability and quiet operation. Requires no maintenance and is completely protected from rain and snow.
- **Peace of Mind Protection:** In-line filter drier supplied to protect sealed system from contaminants and high pressure switch protects against potentially damaging abnormal pressures for long service life.
- **Designed Using Galvanized Steel:** With a polyester urethane coat finish. The finish is 1.5 mil thick and resists corrosion 50% better than comparable units.
- **Compact Footprint and Profile**
- **Wire Guard Coated with Earth Friendly Epoxy and Plastic Mesh Hail Guard::** A guard that will never rust and protects the coil from being damaged.
- **Raised Base Pan:** Allows water to drain away from the unit.
- **Easy Component Access:** Designed to make maintenance easier for the contractor, access panels are provided to all controls and the compressor from the side of the unit.
- **Optional Electric Heat:** Field installed 5 – 20 KW.
